Media and Photo Release Form

Occasionally we photograph classes and activities. We use these photos to record our history and to illustrate the life of Trinity and on the web site. It is our policy not to identify any children by name in publications or on our web site.

I hereby give permission for this parish to use my child(ren)'s photograph (without his/her/their name) in parish publications and on the parish website in regard to any parish sponsored activity.

Parent/Guardian Signature
